TO THOSE WHO WISH TO "REINVEST CUPORS OR DIVIDENDS," and those who CUTPOSE OR DIVERNENDS, "and those who wish to "INTERNASE THERE INCOME," from means already invested in other less profitable sectricites, I recommend the Seven-Thirty Gold Bonds of the Northern Facilie Railroad Company as well secured and unusually productive. The bonds are always convertable at Ten per cent premium (1.10) into the Company's Landat market prices. The rate of interest (seven and three-teniths per cent gold) is equal now to about \$1-4 currency, yielding an income more than one-third greater than United states 5-70s. Gold checks for the semi-annual interest on the Registered Gonds are mailed to the postoffices address of the owner.
